Career Cluster Match

Explore the 16 Career Clusters on the following page, each of which represent:

- A set of occupations all of which require a base of common knowledge and skills that escalate in difficulty as specialization is involved, and

- A program of aligned instructional units that begin in high school and continue to the highest levels of professional and post graduate instruction.

Step 1:

On page 2, match the grouping of occupations in the left hand column with the Career Clusters in the right hand column, matching the occupations to the Career Cluster where you believe the occupation could reasonably be employed. Occupations may be linked with more than one cluster.

The 16 Career Clusters can also be explored at: www.careerclusters.org/16clusters.htm and RUReady.ND.gov.

Step 2:

You identified your top two to three Career Clusters in **Activity 3**.

What occupations found in the Career Outlook, pages 12-51, are you most interested in from your top two Career Clusters?
